Italian Wine  
IMPORTERS

The history of **Mastri Distillatori Caffo** goes back to the last decade of the **1800s** when Giuseppe Caffo started distilling local pomace (the solid remains of grapes after the wine making) using artisan methods on the slopes of Etna.

The same passion of those days is still alive, and with over a century of experience the Caffo family continues this tradition, producing excellent spirits, such as the famous **Vecchio Amaro del Capo**, and distilling the best pomace themselves in order to obtain prestigious types of grappa in their two distilleries located in the **Calabria** and **Friuli** regions.
