ACQUERELLO_®

Acquerello, created in 1991 by Piero Rondolino, is a world-renowned Italian brand celebrated for producing the finest **Carnaroli** rice, widely regarded as the gold standard for authentic risotto.

Grown in the fertile Po Valley, Acquerello rice undergoes a meticulous aging process in specially controlled cellars for at least 12 months, which enhances the grain's starch structure and intensifies its natural aroma and flavour. This unique aging makes the rice less sticky and improves its ability to absorb flavours while maintaining a firm, creamy texture when cooked.

Additionally, Acquerello rice is **coated** with a thin layer of bran after milling, a **rare process** that preserves essential nutrients typically lost in traditional polishing, giving the rice a distinctive golden shade and superior nutritional profile.

Highly prized by celebrated chefs worldwide, including Massimo Bottura and Gualtiero Marchesi, Acquerello is the trusted choice in top kitchens seeking exceptional consistency, taste, and presentation in every risotto dish.

Founded in 1987 in Puglia, Italy, **Vannella Cheese** was started by Vito Minoia and Pina Vannella.

Vito, a master of traditional cheesemaking, moved the family to Australia in 2004.

The company began operating in **Cairns**, Queensland, to be close to dairy herds and buffalo, later relocating to **Marrickville**, Sydney, to bring their cheeses closer to consumers.

Their products are made from single-origin, grass-fed cow and buffalo milk sourced from Victoria, emphasizing quality and authenticity. Notably, Vannella introduced traditional burrata to Australia, maintaining the authentic hand-stretching, filling, and tying techniques that have been used for over 500 years.

The family business continues with Vito mentoring his son Giuseppe and granddaughter Martina.
